

A full line of
dependable
products
from Aire-Flo®

Energy efficiency
and dependable
performance
backed by more
than a half-century
of proven reliability.

Gas Furnaces

Dependable, efficient gas furnaces fit almost any application and offer a great value in the coldest environments.

Only available
in Canada

95AF2V
High-Efficiency

95AF and 92AF
High-Efficiency

Energy Efficiency

- 95% AFUE
- ENERGY STAR® qualified

Capacity

- 29,000-110,000 Btuh heating size range

Home Comfort

- Two-stage heating gives you two different levels of heat for maximum efficiency
- Variable-speed blower motor takes your comfort to the next level

Reliable Performance

- Corrosion-resistant cabinet made with strong pre-painted steel is built to last
- Run-tested at the factory to ensure faultless performance

Indoor Air Quality

- Designed with built-in accessory connections for easy integration with products to improve your home's indoor air quality

Warranty

- 20-year limited warranty on aluminized steel heat exchanger; 5-year limited warranty on parts. See back page for details on a 10-year extended parts warranty.*

Energy Efficiency

- 95% and 92% AFUE

Capacity

- 44,000-110,000 Btuh heating size range (95AF)
- 44,000-132,000 Btuh heating size range (92AF)

Home Comfort

- Multi-speed blower motor delivers consistent, reliable warmth

Reliable Performance

- Corrosion-resistant cabinet made with strong, pre-painted steel is built to last
- Run-tested at the factory to ensure faultless performance

Accessory Compatibility

- Designed with built-in accessory connections for easy integration with products to improve your home's indoor air quality

Warranty

- 20-year limited warranty on aluminized steel heat exchanger; 5-year limited warranty on parts. See back page for details on a 10-year extended parts warranty.*

Heat Pumps

SEER cooling and HSPF heating efficiency ratings deliver exceptional cooling and heating performance.

80AF
Standard-Efficiency

Energy Efficiency

- 80% AFUE

Capacity

- 44,000–132,000 Btuh heating size range

Home Comfort

- Multi-speed blower motor delivers consistent, reliable warmth

Reliable Performance

- Corrosion-resistant cabinet made with strong, pre-painted steel is built to last
- Run-tested at the factory to ensure faultless performance

Accessory Compatibility

- Designed with accessory connections for easy integration with products to improve your home's indoor air quality

Warranty

- 20-year limited warranty on aluminized steel heat exchanger; 5-year limited warranty on parts. See back page for details on a 10-year extended parts warranty.*

**4HP13L/
4HP14L**

Energy Efficiency

- 4HP13L = 13 SEER; 7.70 HSPF
- 4HP14L = 14 SEER; 7.70 HSPF

Environmentally Responsible

- Uses non-ozone-depleting R-410A refrigerant

Reliable Performance

- Compressor motor designed for quiet, reliable and efficient operation
- Corrosion-resistant cabinet made with strong, heavy-gauge, pre-painted steel is built to last
- Tested for leaks and proper operation at the factory to ensure faultless performance

Home Comfort

- Precision-balanced, direct-drive fan sends hot air and noise up and away from your home
- Condenser coil and fan system designed with copper tubes and louvered fins for maximum heat transfer capability
- Equipped with adjustable defrost control that allows technicians to regulate defrost operation at 30-, 60- or 90-minute intervals

Warranty

- 5-year limited warranty on compressor and components. See back page for details on a 10-year extended parts warranty.*

Air Handlers

With a wide range of capacities and configurations, Aire-Flo® air handlers match almost any air conditioner or heat pump.

13HPD
R-22 Ready

Energy Efficiency

- 13 SEER

System Component

- Designed to work with air handlers and furnaces that use R-22 refrigerant

Reliable Performance

- Compressor motor designed for quiet, reliable and efficient operation
- Corrosion-resistant cabinet made with strong, heavy-gauge, pre-painted steel is built to last
- Tested for leaks and proper operation at the factory to ensure faultless performance

Home Comfort

- Precision-balanced, direct-drive fan sends hot air and noise up and away from your home
- Condenser coil and fan system designed with copper tubes and louvered fins for maximum heat transfer capability
- Equipped with adjustable defrost control that allows technicians to regulate defrost operation at 30-, 60- or 90-minute intervals

Warranty

- 5-year limited warranty on compressor and components.

BCS3

Flexible

- Smaller cabinet design offers installation flexibility for any home

Energy Efficiency

- Direct-drive motor runs smoothly and efficiently

Environmentally Responsible

- Uses non-ozone-depleting R-410A refrigerant

Reliable Performance

- Corrosion-resistant cabinet made with strong, heavy-gauge, pre-painted steel is built to last
- Tested for proper operation at the factory to ensure faultless performance

Home Comfort

- Direct-drive blower motor provides consistent flow of air for improved comfort
- Supplemental heat kits available in a range of sizes

Warranty

- 5-year limited warranty on components. See back page for details on a 10-year extended parts warranty.*

Air Conditioners

Designed for reliable quality and lasting value, these Aire-Flo® air conditioners make the most of every energy dollar.

**4AC13L/
4AC14L**

Energy Efficiency

- 4AC13L = 13 SEER
- 4AC14L = 14 SEER

Environmentally Responsible

- Uses non-ozone-depleting R-410A refrigerant

Reliable Performance

- Compressor motor designed for quiet, reliable and efficient operation
- Corrosion-resistant cabinet made with strong, heavy-gauge, pre-painted steel is built to last
- Tested for leaks and proper operation at the factory to ensure faultless performance

Home Comfort

- Precision-balanced, direct-drive fan sends hot air and noise up and away from your home
- Condenser coil and fan system designed with copper tubes and louvered fins for maximum heat transfer capability

Warranty

**13ACD
R-22 Ready**

Energy Efficiency

- 13 SEER

System Component

- Designed to work with air handlers and furnaces that use R-22 refrigerant

Reliable Performance

- Compressor motor designed for quiet, reliable and efficient operation
- Corrosion-resistant cabinet made with strong, heavy-gauge, pre-painted steel is built to last
- Tested for leaks and proper operation at the factory to ensure faultless performance

Home Comfort

- Precision-balanced, direct-drive fan sends hot air and noise up and away from your home
- Condenser coil and fan system designed with copper tubes and louvered fins for maximum heat transfer capability

Warranty

- 5-year limited warranty on compressor and components.

Register your equipment to enjoy Extended Limited Warranty coverage.

We're so confident in the quality and reliability of our heating and cooling equipment, we've extended the basic warranty from 5 to 10 years.

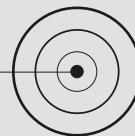

To qualify for Aire-Flo's Extended Limited Warranty, we require that you register your product within 60 days after installation or, in the case of a newly constructed home, within 60 days of the closing date. (Extended Limited Warranty coverage applies to equipment installed on or after March 1, 2009. Registration is not required in California and Quebec.)

To register, visit www.AireFloWarranty.com.

Note: Compressors in air conditioners and heat pumps using R-22 refrigerant are not included in the Extended Limited Warranty.

**Warranties apply to residential applications only. See warranty certificate for details.*

For more than 50 years, Aire-Flo® has delivered economy and reliability to the tens of thousands of families all across the country that have trusted us to help make their homes more comfortable. Make Aire-Flo your choice for high-quality, energy-efficient home heating and cooling.

Trust

Aire-Flo has always been the brand trusted to fulfill heating and cooling needs. Our commitment to quality is a fact we pride ourselves on.

Value

Designed with the cost-conscious in mind, our products consistently provide reliable service at prices designed to keep costs low.

Variety

With a wide range of comfort choices, Aire-Flo has just the right product or part for the job.

Excellence

Engineering excellence, combined with rugged construction and quality materials, provides years of trouble-free service.
